

Remember the Old Times

MvD

Key: G, 100 bpm, **B = H**

G D G  
 We sat together about old times, you know  
 C G D D7  
 Times where we had roads with more snow  
 C G C G  
 Our hair was not grey and we're forced to stay  
 C D G  
 At school with that boring hooray

G D G  
 But if you look back you have to state  
 C G D D7  
 That time were the luckiest days we have had  
 C G C G  
 The problems to solve were curvy, curly and blonde  
 C D G  
 And how to get beer for the round

Chorus C G  
 That were the old times, remind it as good times  
 Am D  
 no future in mind but plans for the nights  
 G Bm Am G  
 where whiskey and women proudly present  
 C G Am D G  
 good feeling and dreams which should never end.

Guitar on Verse and Chorus

G D G  
 if you made the date for the night you have planned  
 C G D D7  
 and felt as the best guy here on the planet  
 C G C G  
 the teachers crashed your date and it was too late  
 C D G  
 to make up something new with that girl

Chorus
